June 2023

Hello again,

As we enter the final half term, our calendar is looking very packed from week 1. We are planning lots of exciting opportunities for our children and hope they enjoy being a part of it.

We are hoping to take part in the Hornsea Carnival again this year so any parents that wish to be involved then please let us know. This year, the theme is: Best of British on Saturday 22nd July. We are going to base ours on Paddington Bear ...and have the help of HSLC again. We may need some Paddington bear costumes and lots of children to join us ....and adults!

**I am so pleased to be able to announce that Mrs Fallon, Class 2 Teacher at Hornsea Burton has had a baby girl called Theodora Margo Beatrix Fallon on Friday 2nd June. She is beautiful and Dora can't wait to come and meet the children before we all break up for the summer holidays and the Year 6 children leave for their next schooling adventures.**

I would like to introduce Miss Clark who will be covering Mrs Fallon's maternity leave. She has already been in to visit the children of Class 1 and 2 who will be in her class and hopefully will be able to do so for our transition sessions. She is an experienced Key stage one teacher with a passion for teaching writing and phonics. Miss Clark's most recent experience has been with SEND children and she is looking forward to bringing this knowledge to Hornsea Burton to support our pupils here.

Miss Clark said, "Having spent my teaching career in Hull, I am extremely excited to be back in Hornsea, where I live and am bringing up my own family. Having spent time within the school and with the children, I am eager to get started. I have very much enjoyed my time here so far and have been incredibly impressed with the behaviour across the school and touched by the kindness shown from the staff and children alike."

We are looking forward to annual Sports Day this term. You are all invited to come and watch your children for the Afternoon on:

Wednesday 28th June for Hornsea Burton and Thursday 29th June for Skipsea.

Throughout the afternoon your children will participate in a variety of activities including running and field events.

At Hornsea Burton we will have a special event taking place. We are lucky to have a Professional Athlete join us for a Sponsored Challenge. **Sorry this cannot take place at Skipsea as due to numbers, sadly 'Sport for Champions' will not allow this!** (<https://www.sportsforchampions.com/>)

You will be receiving a letter this week with further information about Sports Day but please can your children attend wear their P.E kit or house colours for the day.

There will be a parent's race so get training now!

### New boards at Skipsea:

Class 1 and Class 2 have been lucky enough to have had new Smart boards installed at Skipsea over half term. The children now have a way to access their learning and demonstrate their understanding on a whole new level, which they are thoroughly enjoying!

Maths lessons especially are more interactive and fun thanks to our new technology. This week the children have been developing their maths language by describing the position of objects they place on the board. Handwriting practise has also been a lot more fun with multiple children being able to use the board at any one time! In the hall we also have a screen that we can finally see and read. This has transformed singing assembly as we can now access music in the touch of a button. It will make a huge difference to our productions

### How to Keep Kids Safe on YouTube

Keeping kids away from inappropriate YouTube content can feel overwhelming. There are several billion YouTube videos (500+ hours of video are uploaded every minute), and 2 billion users log into YouTube every month — so how do we filter out all of the violent, sexual, manipulative, hateful, and otherwise unsuitable content that our kids find on YouTube (frequently by accident)?

<https://www.safetymdetectives.com/blog/parents-guide-for-safe-youtub-e-and-internet-streaming-for-kids/>

This is a useful website to help you set up parental controls. Relying on YouTube's filters isn't good enough and inappropriate content can still sometimes get through the blocks. The advice in this blog should be really helpful.
